Chapter Brochure

One of the benefits of membership in the Puget Sound Chapter of APG is having your name and contact information included in our Chapter Brochure and on our Chapter webpage. It is very important that you complete this form carefully.

Our Chapter Brochure is updated regularly. The following information is included: Your Name, Company Name, phone number, e-mail address, and website. It is your responsibility to check the information and make sure it is up-to-date and accurate and to keep the President and Treasurer advised of your membership in both APG National and PS-APG.

Chapter Website

The PS-APG Chapter website is www.psapg.org. It can also be reached by going to the APG National website, www.apgen.org, and clicking on Chapters.

Please provide the following information for your entry on the Chapter website.

Research Specialties. These include things like federal records, heir searching, and lineage-society applications.

Geographic Specialties. These are areas you know about, like Puget Sound or New England; specific states, such as Missouri or Minnesota; or foreign countries or international regions.

Biography. You can include your educational level, genealogical interests and accomplishments, research travel, number of years as a researcher, and genealogical society memberships (we are happy to provide links to relevant societies). You have a lot of leeway to be creative here.

Other Services Offered. You may mention such things as your lectures, tombstone photography, family-history writing, and so on.

You are welcome to attach additional information to this page. In particular, you may desire additional space for your specialties and biography.

Please Note: Changes to the Chapter webpage do not affect listings in the National APG member directory. To make changes there, you will need to go to the national site, www.apgen.org, log on to the member's-only section, and then adjust your nationwide profile.
